Subject: Web page not being updated...

To whom it may concern,

Will the web page (http://www.usdoj.gov/atr/cases/ms_index.htm) be updated with any of the recent court activities (e.g. Microsoft not being able to extend the deadline for the hearing)? It seems that there has been no activity on it for a while.

Please let me know.

Thanks for your time.

Sincerely,

Pat Ricevuto email: cmprice@gte.net
